

August 7, 2009, all Americans should be encouraged to learn about the significance of the Purple Heart, honor those selfless citizens who wear the award and bear the proud scars earned in service protecting and defending our Nation.

Today, there are approximately 550,000 Purple Heart recipients still living in the United States. I am sure that each Member of this body knows someone in their respective States who is a Purple Heart recipient, the family member of a recipient, or the friend of a recipient. A day of recognition is the least we can do to honor those who have been awarded this medal for serving our country.

Mr. BROWN. Mr. President, I ask unanimous consent that the resolution be agreed to, the preamble be agreed to, the motions to reconsider be laid upon the table, with no intervening action or debate, and that any statements relating to the resolution be printed in the RECORD.

The PRESIDING OFFICER. Without objection, it is so ordered.

The resolution (S. Res. 239) was agreed to.

The preamble was agreed to.

The resolution, with its preamble, reads as follows:

Whereas the Purple Heart is the oldest military decoration in the world in present use;

Whereas the Purple Heart is awarded in the name of the President to a member of the Armed Forces who is wounded in a conflict with an enemy force or is wounded while held by an enemy force as a prisoner of war, and is awarded posthumously to the next of kin of a member of the Armed Forces who is killed in a conflict with an enemy force or who dies of wounds received in a conflict with an enemy force;

Whereas the Purple Heart was established on August 7, 1782, during the Revolutionary War, when General George Washington issued an order establishing the Honorary Badge of Distinction, otherwise known as the Badge of Military Merit;

Whereas the award of the Purple Heart ceased with the end of the Revolutionary War, but was revived in 1932, the 200th anniversary of the birth of George Washington, out of respect for his memory and military achievements; and

Whereas observing National Purple Heart Recognition Day is a fitting tribute to George Washington and to the more than 1,535,000 recipients of the Purple Heart, approximately 550,000 of whom are still living: Now, therefore, be it

Resolved, That the Senate—

The preamble was agreed to.

The resolution, with its preamble, reads as follows:

S. RES. 240

Whereas the term “fetal alcohol spectrum disorders” includes a broader range of conditions and therefore has replaced the term “fetal alcohol syndrome” as the umbrella term describing the range of effects that can occur in an individual whose mother drank alcohol during pregnancy;

Whereas fetal alcohol spectrum disorders are the leading cause of cognitive disability in western civilization, including the United States, and are 100 percent preventable;

Whereas fetal alcohol spectrum disorders are a major cause of numerous social disorders, including learning disabilities, school failure, juvenile delinquency, homelessness, unemployment, mental illness, and crime;

Whereas the incidence rate of fetal alcohol syndrome is estimated at 1 out of 500 live births and the incidence rate of fetal alcohol spectrum disorders is estimated at 1 out of every 100 live births;

Whereas although the economic costs of fetal alcohol spectrum disorders are difficult to estimate, the cost of fetal alcohol syndrome alone in the United States was \$5,400,000,000 in 2003, and it is estimated that each individual with fetal alcohol syndrome will cost taxpayers of the United States between \$1,500,000 and \$3,000,000 in his or her lifetime;

Whereas in February 1999, a small group of parents of children who suffer from fetal alcohol spectrum disorders came together with the hope that in 1 magic moment the world could be made aware of the devastating consequences of alcohol consumption during pregnancy;

Whereas the first International Fetal Alcohol Syndrome Awareness Day was observed on September 9, 1999;

Whereas Bonnie Buxton of Toronto, Canada, the co-founder of the first International Fetal Alcohol Syndrome Awareness Day, asked “What if ... a world full of FAS/E [Fetal Alcohol Syndrome/Effect] parents all got together on the ninth hour of the ninth day of the ninth month of the year and asked the world to remember that during the 9 months of pregnancy a woman should not consume alcohol ... would the rest of the world listen?”; and

Whereas on the ninth day of the ninth month of each year since 1999, communities around the world have observed International Fetal Alcohol Syndrome Awareness Day: Now, therefore, be it
